Dear Mr. Petrie

**RE: Transmittal of the Addendum to the Action Memorandum for the Y-12 Facilities Non-Time-Critical Removal Action Deactivation/Demolition Project, Oak Ridge, Tennessee (DOE/OR/01-2462&D2/A1/R1) – submitted March 17, 2023**

The Tennessee Department of Environment and Conservation (TDEC), Division of Remediation-Oak Ridge Office, received the above referenced submittal on March 17, 2023. The document was submitted as an updated draft to a previous version of the same document submitted on February 14, 2023. However, even though changes had been made in the subject (updated) document in response to comments that TDEC transmitted on March 10, 2023, the subject (updated) document included the same Department of Energy (DOE) document number (DOE/OR/01-2462/A1/R1) as the version submitted in February. Within eleven days, DOE subsequently transmitted another updated version (D2/A1/R2) of the subject document as final on March 28, 2023. TDEC provided a comment letter to DOE on April 6, 2023, regarding that March 28 submittal.

TDEC requests additional clarification to determine if the March 17 submittal was intended to replace the February 14 submittal, if the March 17 submittal was a new document that requires review, or if the March 28 submittal superseded the March 17 submittal. Currently, the record is unclear for this proposed removal action.

Questions or comments concerning the contents of this letter should be directed to Angel Perkey at the above address or by phone at (865) 985-6851.

Sincerely

**Randy C Young**
