TDEC Review: Update to the Administrative Record for the Record of Decision for Comprehensive Environmental Response, Compensation, and Liability Act Oak Ridge Reservation Waste Disposal at the Environmental Management Disposal Facility, Oak Ridge, Tennessee (DOE/OR/01-2794&D2/R1)

Dear Mr. Petrie

The Tennessee Department of Environment and Conservation (TDEC), Division of Remediation-Oak Ridge Office approves the list of documents incorporated to date in the subject Administrative Record Index. This includes the latest update (dated December 12, 2023) submitted with the U.S. Department of Energy (DOE) letter dated [December 20, 2023](#).

However, consistent with TDEC letters dated [September 14, 2022](#), and [March 6, 2023](#), and Section XXXIII of the Federal Facility Agreement (FFA) for the Oak Ridge Reservation, TDEC recommends inclusion of additional public records listed in the enclosure to this letter. TDEC supports openness with regard to public records that were considered in selecting the Environmental Management Disposal Facility (EMDF) as an onsite waste disposal remedy under the Comprehensive Environmental Response, Compensation, and Liability Act (CERCLA).

Questions or comments should be directed to Brad Stephenson at the above address, by email at brad.stephenson@tn.gov, or by phone at (865) 352-1235.

Sincerely

Randy Young Digitally signed by Randy Young
