**Five Year Work Plan for the Oak Ridge Reservation Communities Alliance (ORRCA)
Environmental Surveillance and Oversight Agreement (ESOA)
July 1, 2023 thru June 30, 2028**

Introduction:

The Tennessee Oversight Agreement was established between the State of Tennessee (State) and the U.S. Department of Energy (DOE) in May 1991 to assure the citizens of Tennessee that their health, safety, and environment are being protected by DOE. A provision of the agreement required local government and community involvement to enhance local officials' and the public's understanding of issues involving the Oak Ridge Reservation (ORR).

In 2011, the Tennessee Oversight Agreement was renewed for the period of July 1, 2011 through June 30, 2016. A five-year interlocal agreement was executed in 2011 by the Mayors and County Executives of Anderson, Knox, Loudon, Meigs, Morgan, Rhea, Roane Counties, and the City of Oak Ridge for the purpose of implementing the local government provisions of the Tennessee Oversight Agreement. The agreement was subsequently renewed and the members jurisdictions are referred to as the Oak Ridge Reservation Communities Alliance (ORRCA). The City of Oak Ridge was designated in 2012 to serve as the fiscal agent for ORRCA.

In November 2018, the U.S Department of Energy (DOE), the National Nuclear Security Administration (NNSA) and the State of Tennessee (State) signed a new five-year (5) agreement entitled the Oak Ridge Reservation (ORR) Environmental Surveillance Oversight Agreement (ESOA). Through a program of independent environmental surveillance oversight and monitoring, the ESOA is "designed to assure the citizens of Tennessee that DOE's activities in Oak Ridge, Tennessee, are being performed in a manner that is protective of their health, safety, and environment."

In carrying out the ESOA Agreement, "the Parties will fully cooperate and coordinate with each other, other federal and State agencies and local governments affected by this Agreement. The Parties to this Agreement shall commit to maintaining a direct and open relationship with local governments, such as engagement with the Oak Ridge Reservation Communities Alliance (ORRCA)."

ORRCA's grant with the Tennessee Department of Environment and Conservation expires on June 30, 2023. A new five-year work plan for the grant period July 1, 2023 through June 30, 2028 is described below. For the purposes of this work plan, the term DOE shall include the National Nuclear Security Administration (NNSA).

Scope of Services:

1. The Grantee shall support implementation of the Environmental Surveillance Oversight Interlocal Agreement (ESOIA)

The ESOIA was approved on June 24, 2019 and will serve as the framework for the operation of ORRCA. ORRCA will conduct outreach and educational activities to the public and potentially affected local governments in to help assure the citizens of the affected local government that the U.S. Department of Energy's (DOE) activities are being performed in a manner that is protective of their health, safety, and environment. For the purposes of this work plan, the term DOE shall include the National Nuclear Security Administration (NNSA).

At the U.S. Department of Energy's (DOE) annual Intergovernmental Meeting held in November 2018, a discussion was held among ORRCA, DOE and the State of Tennessee representatives to

identify priorities affecting ongoing operations at the Oak Ridge Reservation. The parties agreed that ORRCA would continue to serve as a key interface for ongoing collaboration on environmental surveillance oversight and, monitoring, reuse, and emergency planning/response issues.

The State's annual environmental monitoring reports, along with the DOE Environmental Monitoring Plan (EMP), and the Annual Site Environmental Report (ASER) will serve as guiding documents.

During the grant period, emphasis will be placed on discussions to better align local government and community needs with the DOE/State program.
