Dear Mr. Petrie

RE: Interim Record of Decision for Groundwater in the Main Plant Area at the East Tennessee Technology Park, Oak Ridge, TN (DOE/OR/01-2949&D2)

The Tennessee Department of Environment and Conservation (TDEC), Division of Remediation-Oak Ridge Office (DoR-OR), has reviewed the above referenced submittal pursuant to the Federal Facility Agreement (FFA) for the Oak Ridge Reservation (ORR). The document was received on April 18, 2024. Our office has no further comments on the Record of Decision (ROD) and will initiate the process of gaining appropriate approval within TDEC and sending the ROD to the U.S. Environmental Protection Agency (EPA).

The FFA tri-parties have agreed a wastewater disposal evaluation will be conducted in a post-ROD document for this project. Wastewater generated during implementation of the remedy may generate large quantities of water with various contaminants. This evaluation will determine whether the receiving facility can treat all the contaminants of concern in the wastewater and whether discharge limits are needed to be protective of the receiving streams.

TDEC appreciates the FFA tri-party continued efforts to reach agreements with groundwater remediation decisions at the East Tennessee Technology Park. TDEC expects agreement on this ROD will assist developing other necessary groundwater decisions across the ORR. Questions or comments concerning the contents of this letter should be directed to Randy Young at (865) 310-1157.

Sincerely

Randy C. Young
