Dear Mr. Petrie

TDEC Approval: Milestone Modification Request for the Environmental Management Disposal Facility (EMDF) RDR/RAWP

The Tennessee Department of Environment and Conservation (TDEC), Division of Remediation – Oak Ridge Office, has reviewed and approves the Milestone Modification Request for the Environmental Management Disposal Facility (EMDF), submitted pursuant to Section XVIII (Scoping Work Priorities) and consistent with the milestone framework established under Section XIX (Timetables and Deadlines) of the Federal Facility Agreement (FFA) ([DOE/OR-1014](#)).

The U.S. Department of Energy (DOE) has provided sufficient justification demonstrating good cause for the proposed modification. The original milestone assumed development of a single Remedial Design Report/Remedial Action Work Plan (RDR/RAWP), with a due date of September 30, 2026. DOE has revised the scope to implement a phased approach consisting of three distinct RDR/RAWPs addressing support facilities/infrastructure, the liquid waste treatment system, and landfill construction. DOE will submit the first RDR/RAWP, addressing support facilities and infrastructure, by May 28, 2026. DOE will establish subsequent milestones for the remaining RDR/RAWPs through the FFA milestone planning process.
