Dear Mr. Petrie

RE: Extension Request for Waste Acceptance Criteria Compliance Plan for the Environmental Management Disposal Facility at the Oak Ridge Reservation, Oak Ridge, Tennessee (DOE/OR/01-3012&D2)

The Tennessee Department of Environment and Conservation (TDEC) Division of Land Protection – Remediation Branch, Oak Ridge Office received the second draft (D2) Waste Acceptance Criteria (WAC) Compliance Plan on June 5, 2026.

In accordance with FFA Section XXI, a D2 document is subject to a 30-day review and comment period, making TDEC's comments due by July 5, 2026. TDEC requests a 60-day extension of this deadline, to September 3, 2026, pursuant to FFA Section XXX (Extensions). Granting this extension would not delay the achievement of any scheduled FFA milestones.

Good cause for the extension exists. During meetings held to resolve comments on the first draft (D1) plan, the Parties agreed that the D2 document constitutes a substantial rework rather than a minor revision of the D1. In effect, the D2 is a new document that warrants the level of review normally applied to a D1 submittal. Moreover, the D2 WAC Compliance Plan must resolve TDEC comments on the *Supplemental Analysis for the Environmental Management Disposal Facility* (UCOR-5843). DOE chose to submit the Supplemental Analysis as a contractor document and elected not to revise it to resolve TDEC comments.

Questions or comments concerning the contents of this letter should be directed to Brad Stephenson at the above address or by phone at (865) 352-1235.

Sincerely
